## WELCOME TO ASHTON GRANGE

### RESIDENTIAL AND NURSING DEMENTIA CARE HOME

With over 20 years experience, the management of Ashtongrange Home prides itself in offering a highly professional, person-centred care service for the elderly.

### Residential, nursing Dementia Care

When people have worked hard throughout their lives and have been committed to helping others, we think they deserve extra cherishing. They need a home where individuality is emphasised with experienced staff who have time to give attention to small detail, where they can enjoy the company of like-minded people.

## ENVIRONMENT

The home has 31 bedrooms mostly single rooms, many with en-suite facilities, with a small selection of twin rooms for those individuals who prefer to share. There is a reception area welcoming you in to the home, and any of the staff we welcome you into the home and offer what you require. There is a large activity lounge situated on the ground floor which also leads to our easily accessible garden which was designed with and by our residents.

At the front of the building we have a reception lounge, and this is also used for the pampering sessions for the residents and interactive activities with the magic table.

## ACTIVITIES

The home offers a wide and varied range of activities designed to encourage our residents to retain mobility and more importantly keep an interest in daily living. The home has dedicated activity organisers who tailor the activities to the resident's abilities, strengths, hobbies and interests. They also follow seasonal events celebrations and topical events. Residents are encouraged to make wishes and the staff make it their mission to make wishes come true. The home also has a mini-van to support our residents to take part in activities out in the community. The home provides entertainment and social gatherings with shows, singers and animal therapy.

## FOOD

We have a dedicated Cook at Ashtongrange and prepares an extensive nutritiously balanced menu based on the resident's choices, preferences and dietary requirements. We encourage our residents to have their meals at one of our communal dining areas but individual choice is respected and room service is provided if preferred. Meal times are important and people are offered assistance with their meals if they require it.

Ashtongrange understand the importance of good hydration and offer an extensive choice of drinks to suit individual preferences and needs. However, glasses of wine, beer or sherry are offered as well for those who like a tipples.

## STAFF TEAM

All staff within the home are qualified to deliver the highest standards of care with the residents at the centre of every thing they do.

Gaj and Kathy Ragunathan the homes owners are experienced elderly care providers and have instilled the homes ethos of providing the highest quality of care through compassion, choice, dignity and respect. They work closely with the Registered Manager, Nicola Ambler who has over 20 years' experience in psychiatric nursing and a qualified RMN, and we have a fabulous nursing team in the home and they are very professional. The homes staff are selected for their qualities of reliability, integrity, skills, friendliness and professionalism and have all been DBS checked.

## ASHTONGRANGE'S STRENGTHS INCLUDE:
